Our Commitment

TIMZTOS Solutions Limited is committed to reducing the environmental impact of its operations and supporting the UK's transition to Net Zero. As a UK-based digital consultancy delivering cloud, software engineering and quality assurance services, we aim to minimise emissions through remote-first delivery, responsible procurement and continual environmental improvement.

Carbon Reduction Objectives

- Reduce business travel where remote delivery is practical.
- Use cloud-based collaboration and digital documentation to minimise paper usage.
- Encourage remote and hybrid working to reduce commuting emissions.
- Procure energy-efficient equipment where practical.
- Extend the life of IT equipment through maintenance and responsible recycling.
- Consider environmental performance when selecting suppliers where appropriate.

Continuous Improvement

This Carbon Reduction Plan will be reviewed annually. TIMZTOS Solutions Limited will continue to identify practical opportunities to reduce its environmental impact while maintaining high-quality digital services for clients.

Approval

This Carbon Reduction Plan has been approved by the Director of TIMZTOS Solutions Limited and is effective from 27 July 2026.
